HARRISVILLE-1957

The weather being important to industry as well as our way of life we can note that on January 14 and 18 the temperature was reported around 28 to 30 degrees below zero. Then on January 21 and 22 the thermometer rose to 32 and 40 degrees causing ice to melt off the roofs. We do enjoy eccentric weather.

In January our telephone switchboard was changed to the Dial System for around 186 subscribers.

On March 30th the Chesham Post Office was closed and Mrs. Mary Bemis was retired after 51 years of postal service.

April 22 was New Hampshire's own Fast Day which the General Court designated as official in 1899.

On April 26 a fire burned over 25 acres of woods owned by Mrs. Charles Laine and the Herman Gilmans. The men volunteers worked courageously and the women brought much food, coffee, and water to the men on this blustery day. Yes, we will all work together in an emergency.

April 29. On this day all the Shad Bushes seemed to blossom.

June 20. We shivered in 53 degree temperature which was 34 degrees lower than yesterday's maximum of 87 degrees ending a five day heat wave. This was the day lightning struck the high chimney over the original wood-burning mill boiler house built about 140 years ago.

August 31. The Selectmen sold at auction the 100 year old Harrisville School Building and land on the hill in back of St. Dennis Church. They also sold 14 cottage lots on Russell Reservoir this same day.

September 25. We had the first frost of the season.

September 27. A lighted dial public telephone booth was installed in front of Pope's Harrisville Store.

October 4. Sputnik, the first Soviet satellite was successfully launched and watched by townspeople.

October 11. We picked flowers before the first freeze of the season.

Cheshire Mills had slow business this year and many found employment elsewhere.

A beach house was built and improvements made on the Harrisville Beach during the summer and many enjoyed the facilities.

The Cub Scouts and P. T. A. were active during the year.

What everyone was talking about this year: the effect of cigarettes on cancer, tranquilizers, Khrushchev, social security, segregation, the Supreme Court, peace in the nuclear age, and progress.

REPORT OF ROAD AGENT

After a period of trial and error your Road Agent has tried to do a job that would please most of the people.

Naturally, with our equipment getting older each year it is not up to doing the job that it should do. We have really felt the loss of "old Ironsides" in this old fashioned winter with very high drifts and plenty of snow.

We bought a new plow which was surely needed and arrived just in time for a terrific storm.

We did widen, gravel and put in new culverts on the McVeigh Road. There is still considerable work to do on this road. We also widened and improved the road up to Francis Struthers.

We are in need of something to grade the roads with and also something to wing back the snow, should we have another winter similar to this one.

Respectfully submitted,

RALPH J. CLARK

Road Agent

PROPOSED BEACH COMMITTEE REPORT 1957

The Committee is glad to report good progress in the Summer of 1957. Under the supervision of Chairman John Marnell the following work was accomplished:

1. Construction of bathhouse with dressing rooms, toilets, storage space and electrical outlet.
2. Playground swings and picnic tables installed.
3. New sand deposited on beach.
4. A large amount of fill brought in and graded around the beach area.

5. Two clean-up days held to remove tree trunks and other debris.

The committee wishes to thank all those who turned out and gave so generously of their time without pay to make these work days a success.

It is hoped that the little work that remains to be done will be completed before the opening of the 1958 season.

For the future operation of the Harrisville Beach, your Committee proposes that a qualified young man be obtained to act as custodian and lifeguard and to collect 50 cents per car from out-of-town users of the beach. Taxpayers of the town would pay \$1.00 per season per family as members of the Harrisville Beach and otherwise use the beach free of charge.

The Committee would also like the sentiment of the voters in regard to holding Old Home Day on the beach in 1958 to include an exercise dedicating the Beach. The committee would also like the voter's sentiment on naming the beach, "Harrisville Memorial Beach" in memory of Lauri Luoma, Edward B. Van Zile, Jr., Harrisville boys who lost their lives in World War II.

REPORT OF THE SCHOOL SUPERINTENDENT

The Wells Memorial School continues to function quietly but efficiently under the able direction of a capable teaching staff; which includes, in addition to the three regular teachers, special teachers of art, reading, and natural science. Because of good working conditions and fair salary adjustment, all of our staff members have remained with us. This retention of capable teachers is all-important in this time of teacher shortage.

Our school building is kept in next-to-spotless condition by "Bob" Silver; and the lunch program, under the able direction of Mrs. Jessie Bosworth, is the envy of many schools and the pride of our own.

The fact that the Marlboro school district has just completed its new \$200,000 Junior-Senior high school should be of more than passing interest to Harrisville pupils and citizens. Marlboro High School is now able to offer Harrisville pupils the opportunity to attend a small high school where personal attention to individual problems is possible and there is a much better chance for the pupil to take part in the extra-curricular program in sports, plays, chorus, etc. The Marlboro school board plans to maintain a tuition rate of at least \$100 per pupil less than Keene and the board is pleased to invite Harrisville pupils to Marlboro. Other advantages to such attendance would be the greatly reduced distances pupils would be transported; and the fact that both communities are in the same school union and under the same supervisory union school board. This results in Harrisville having some direct control over the educational program of their high school pupils. Very serious consideration of all aspects of the high school tuition problem should be considered at the annual district meeting.

REPORT OF THE PRINCIPAL

To the citizens of Harrisville, New Hampshire:

As the Principal of Wells Memorial School, I have the pleasure to present the following report.

School opened in September 1957 with about 80 pupils, and in an effort to equalize the pupil load in all three rooms without breaking up any grade the following assignments were made:

Mrs. Gladys Libby . . . Grades 1, 2, and 3

Mrs. Marian Sabin . . . Grades 4 and 5

Mr. Richard E. Wyman . . . Grades 6 and 8

We have been fortunate in having Miss Mary Lee Pelczar as a cadet teacher from Keene Teachers College. She has been with us for eighteen weeks, spending nine weeks in each Mrs. Libby's and Mrs. Sabin's rooms. Mrs. Charlotte Holt and Mr. Joseph Lessard of Keene Teachers College have taught daily one period for two weeks under Mr. Wyman's supervision. They have taught a unit on electricity and Finland. This experience has given our pupils an added scientific experience and has given the students from Keene Teachers College an opportunity to plan and teach a unit under actual classroom conditions.

Our Natural Science Program, instituted last year, has been continued and again Mrs. Hester Underhill's lessons on the world about us prove an interest and joy to the children of Harrisville.

Pupils in Wells Memorial School are fortunate to have a program of such great variety as is offered here, and the townspeople are to be congratulated for making these experiences in education available to their children.

Wells PTA this year has again been active and helpful. Under Mrs. Harold Walker's able leadership their exhibit at Cheshire Fair won a substantial cash award. Parents in town have become

better acquainted with children's Books, First Aid, and the problems of dealing with exceptional children.

The Hot Lunch Program with Mrs. Jessie Bosworth in charge has served bountiful holiday dinners with teachers waiting on table. This allows all children to eat at the same time in a home-like situation. Special holiday dinners are especially planned to appeal to all the children and our aim is to get everyone to partake of these festive meals. Mrs. Bosworth sincerely invites parents to visit at lunch time and she eagerly anticipates many parents visiting the program this school year.

The opening of the new Marlboro High School this year gives to Harrisville graduates an excellent opportunity to attend a small modern, well-equipped high school where classmates can become better acquainted and more individual assistance is available.

Mrs. Rawding's remedial reading program continues to assist slow readers making comprehension in all phases of school work improve.

The art program under the supervision of Mrs. Alice Scott of East Rindge has presented many new experiences in art, and the results have proven worthwhile to both creator and viewer.

Your staff is sincere in giving to the pupils of Wells Memorial School the very best that they have to offer, and we stand ready at all times to discuss matters with parents. Feel free to visit school at any time.

I wish to thank all parents and townspeople for the many kindnesses extended during my stay in Harrisville, and assure everyone that the experience has been pleasant and worthwhile.
